

# CHILD WATCH GUIDELINES

---

- Temperature checks will be required via a non-contact thermometer before each child enters the Child Watch area. If a temperature is 99.5 or higher, the child will not be admitted.
- Parents will be asked to use hand sanitizer before signing in/out their child. Pens will be sanitized regularly.
- Children must wash hands immediately upon arrival.
- Child Watch Attendants will conduct a self-health assessment and a temperature check before working. If a temperature is 99.5 or higher, staff will be sent home. Staff will wear a mask at all times.
- If anyone in your family has been experiencing signs or symptoms of COVID-19, such as: cough, shortness of breath/difficulty breathing, fever, chills, muscle pain, sore throat, or new loss of taste or smell, please do not enter the facility.
- If diapering is required, parents will be called. YMCA Child Watch Attendants are not permitted to change diapers.
- A max of 9 children are allowed in Child Watch at a time. A one-hour time limit is in effect so we can accommodate as many members as possible.
- High touch point areas, toys and the restroom are cleaned regularly and sanitized at the end of each shift.
