"It is no fun being in swim lessons with high anxiety – the fear of putting my face in the water was finally conquered after three years of lessons – YEAH!!" Amelia continued, "The first time I opened my eyes underwater, oh my gosh, it was the most amazing and coolest thing I have ever seen. Looking at the drop from the shallow to the deep was really cool because I saw two shades of blue underwater. Oh my gosh, it was so peaceful under there, I am so thankful that I did it."

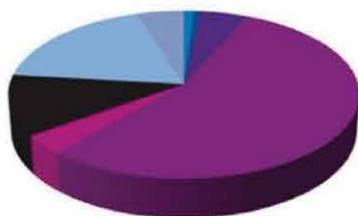

OUR PROMISE: That no one is turned away from the Y due to an inability to pay.

THANK YOU
 to everyone
 for making
 2016 an
 amazing year.

THE YMCA OF CENTRAL STARK COUNTY 2016 IMPACT REPORT

OUR MISSION: To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

OUR CAUSE UNTOLD STORIES

2016 was an incredible year for the Y, as we celebrated 150 years of service to our community. We are thankful for everyone that is part of the Y from staff to volunteers, members to donors all of whom make everything we do possible.

This year's annual report is a brief glimpse of what happens at our Ys and the impact we have on our communities. Joan, one of our members, wanted to tell her story and as she was talking she started to tear up, because of the joy she has for her sister. Joan's sister has some social/mental issues that she has struggled with over the years. Joan thought it would be great to sign her sister up at the Y, primarily due to the interaction she felt her sister would have with members and staff. Joan's sister has made great progress with her communication skills and she even has a sense of purpose. Joan was so elated that she donated to the Ys Annual Campaign. However, this story is not about the gift, it is about the untold stories that happen every day at the Y.

When we all work together we make a difference and positively impact our community, one person and one family at a time.
